USER MANUAL

Your Online Learning Guide

Introduction

Welcome to Tutoriffic Online Academy, the ultimate online platform for personalized tuition and academic resources. Whether you're looking for expert tutoring or high-quality study materials, our app is designed to make learning easy, accessible, and convenient. With Tutoriffic Online Academy, students can connect with professional tutors for one-on-one lessons, tailored to their unique needs and schedules. Additionally, users can purchase a wide range of comprehensive online notes, curated by top educators, to enhance their learning experience anytime, anywhere.

Whether preparing for exams, improving grades, or deepening subject understanding, Tutoriffic Online Academy empowers students to achieve their academic goals in a flexible and engaging environment. Let Tutoriffic Online Academy simplify your learning journey today!

Visual design

The visual design and branding of Tutoriffic Online Academy are carefully chosen to enhance user experience and create a lasting impression. Here's a breakdown of the design choices:

1. Logo

Symbolism: The logo combines elements such as a book and connected nodes, symbolizing both knowledge and digital connectivity. This visually communicates the core idea of the app—offering online learning resources and tutoring.

Typography: The use of a modern and clean font in "Tutoriffic Online Academy" projects professionalism and clarity, which aligns with the app's educational goals.

Shape: The circular design of the logo represents completeness and inclusivity, indicating that Tutoriffic offers a well-rounded learning experience for everyone.

Visual design

2. Color Scheme

Green: The dominant green hue conveys growth, balance, and learning. Green is often associated with education and intellectual development, making it a fitting choice for an academic app. It also promotes a calm and focused atmosphere, beneficial for students who need concentration and motivation.

White & Light Background: A light background allows for easy readability, reduces strain on the eyes, and contributes to a clean and minimalist look. This simplicity ensures that the app remains user-friendly and not visually overwhelming, which is important for student engagement.

Visual design

3. Design Purpose

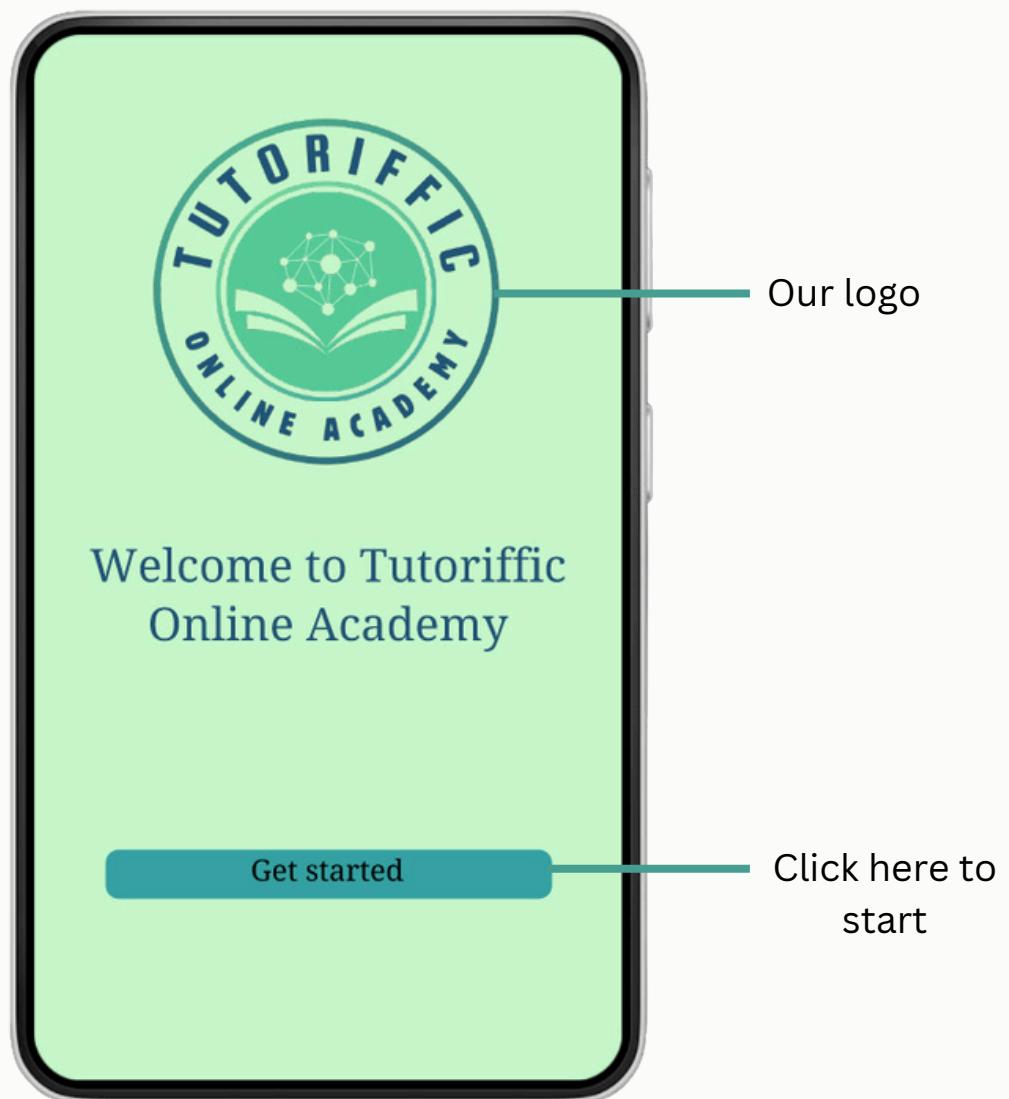

The overall design emphasizes clarity, professionalism, and trustworthiness. By choosing a clean layout and a harmonious color palette, the app makes users feel comfortable and confident in navigating through the features. The logo and color scheme reflect the app's mission: to provide accessible, organized, and effective learning solutions through a digital platform.

This cohesive visual branding helps Tutoriffic stand out in the educational market while promoting an approachable and trustworthy learning environment.

User Interface Guide

Register class page (primary school)

The image shows a smartphone displaying the "Primary School" registration page. The screen has a light green background. At the top, there is a navigation bar with three horizontal lines on the left and the "TUTORIFFIC" logo on the right. Below the navigation bar, the text "Primary School" is displayed in bold, followed by "Year 1 - Year 6". On the left side of the screen, there is a vertical list of subjects. On the right side, there is a vertical list of years. A teal arrow points from the text "Click to select primary subject" to the "Select subject" section. Another teal arrow points from the text "Click to select primary grade" to the "Select year" section. A third teal arrow points from the text "Click to go to next page" to the "Next" button at the bottom right of the "Select subject" section.

Register class page (lower secondary school)

The image shows a smartphone screen displaying a registration form for lower secondary school. The screen has a light green background. At the top, it says "Lower Secondary School" and "Form 1 - Form 3". There are two main dropdown menus: "Select form" and "Select subject". The "Select form" menu lists "Form 1", "Form 2", and "Form 3". The "Select subject" menu lists "Bahasa Melayu", "Sejarah", "English", "Matematik / Mathematics", "Science", "Pendidikan Islam", "Pendidikan Seni", "Biology", and "Chemistry". A "Next" button is located at the bottom right of the "Select subject" menu. Three callout arrows point to specific elements: one points to the "Select form" menu with the text "Click to select lower secondary form"; another points to the "Select subject" menu with the text "Click to select lower secondary subject"; and a third points to the "Next" button with the text "Click to go to next page".

Register class page (upper secondary school)

The image shows a smartphone screen displaying a user interface for selecting a class. The screen has a light green background. At the top, there is a navigation bar with three horizontal lines on the left and the "TUTORIFFIC ONLINE ACADEMY" logo on the right. Below the navigation bar, the text "Lower Secondary School" is displayed in large bold letters, followed by "Form 1 - Form 3". On the left side of the screen, there is a vertical list of subjects. On the right side, there is a vertical list of forms. A teal line with the text "Click to select upper secondary subject" points to the subject list. Another teal line with the text "Click to select upper secondary form" points to the form list. A teal line with the text "Click to go to next page" points to the "Next" button at the bottom right of the subject list.
